

L. H. SHAAB CRAVES ANOTHER TROPHY

Baltimore Man Enters Standard-Dayton in Munsey Historic Tour.

EIGHT DAYS LEFT FOR NEW ENTRIES

Two More Maxwells Are Registered—A. P. Conway to Take Trip.

Warning to Autoists Who Forget Time's Flight

Only eight days remain in which cars can be entered in the Munsey Historic Tour. Entries close August 5 at Munsey Tour Headquarters, Munsey Building, Washington, D. C. Twenty different makes are numbered among the twenty-four entries to date. Get aboard before it is too late.

By HARRY WARD.

The news that Leo H. Shaab, the Baltimore auto dealer, had entered a Standard-Dayton in the Munsey Historic Tour, was received with much interest in automobile circles.

Mr. Shaab was a contestant in the Frank A. Munsey Reliability Contest last year and carried off the honors in class 8, by bringing his car, a well-known foreign machine, through the strenuous contest with but one or two demerits against it. The trophy he won on that occasion is one of Mr. Shaab's most prized possessions.

After Another Trophy. "The Munsey tour last year was a pronounced success," said Mr. Shaab, "and I am glad it is to be renewed this year. I shall endeavor to duplicate my record in last year's tour by bringing back another trophy. An automobile event like the Munsey Historic Tour cannot help but be a strong booster for the sport and trade," continued Mr. Shaab. "It keeps the automobile before the public and the performance of the various cars entered will be watched with great interest by a host of prospective buyers."

On top of the Standard-Dayton entry came the gratifying news that Mortimer Reeves, contest manager of the United States Motor Company, will enter two Maxwells. The machines selected are a Model I 1911 car, and a Model E. The splendid performance of the Maxwell team in the Glidden tour makes the three Maxwell entries strong favorites in the Munsey Historic Tour.

Conway to Make Tour. A. P. Conway, who has just been appointed Washington agent for the Staver-Chicago, is elated over the news that one of this make has been entered

PERSISTENT ELOPERS WED AFTER MIDNIGHT

Judson Rawlett and Miss Virginia Lee Rose, Denied License at District Court House Because of Telephone Message, Make Triumphant Trip to Rockville.

Little D. Cupid is a persistent and irrepressible youngster, and as a consequence the hearts of Miss Virginia Lee Rose and Judson Rawlett, a young couple living at Edge Hill, Va., are beating as one today.

Foiled Tuesday at the District court house, when a relative of the girl informed the marriage clerk over the telephone that she was not eighteen years old, with the result that no license was forthcoming, the couple set out for Maryland's Gretna Green—Rockville.

It was necessary to drag J. Darby Bowman, the deputy clerk of the circuit court, from his slumbers at 1:30 o'clock in the morning to get the license. Then the Rev. S. R. White, a retired Baptist

minister, was aroused and performed the ceremony. Happy in the thought that protesting parents had been fooled, the newlyweds returned triumphantly to Washington in an automobile. They spent yesterday "taking in the sights." When the couple arrived at the courthouse on Tuesday to get a marriage license, they were informed that word had been received over the telephone that the intended bride was only seventeen years old. The young man became real indignant, made threats, and offered to swear good and hard that his "intended" was eighteen, but the unsentimental marriage license clerk as obdurate. On leaving the clerk's office the young man informed the clerk that Washington was not the only place on earth to get a license.

Glidden tour. "The contest board of the A. A. A. is the owner of the Glidden trophy and may award it to whomever wins the reliability tour of the association, in accordance with the rules governing that event," said Mr. Chalmers. "The 1910 tour was a regular annual reliability tour of the A. A. A.; it was promoted and managed according to the rules governing that event, and the contest board, which is the court of last resort in motorism, and so acknowledged by all entrants in the Glidden tour, has ruled that Chalmers' tour is not in accordance with the rules and has regularly declared this car the winner. This is enough for us."

HORSE BURNS IN STABLE.

One horse was burned to death in a fire which did \$200 damage to the stable of Samuel L. Gundersheimer, in the rear of 514 Second street northwest, early today. The origin of the blaze is not known. The loss is fully covered by insurance.

WILL MEET TONIGHT.

FUNERAL ARRANGED FOR FIRE FIGHTER

Stewart K. Rosenberg, Killed by Fall, to Be Buried Saturday.

Funeral services for Stewart K. Rosenberg, a member of No. 19 engine company, who died in the Casualty Hospital from injuries received in a fall while fighting a fire which destroyed two frame stables in the rear of 1309 I street northwest, will be held at the family residence, 956 Tenth street southeast, at 2 o'clock Saturday afternoon.

The Rev. Dr. Johnson, of the First Presbyterian Church, will officiate, and interment will be in the Arlington National Cemetery.

The fire, which was probably caused by children playing with matches, started about 2 o'clock yesterday afternoon. Rosenberg was working on a ladder about ten feet above the ground when the rebound of the hose as he threw the stream against the burning building, caused him to lose his balance and tumble over backward. Private Smith, of the same company, who was working below Rosenberg on the ladder, tried to catch him, but Rosenberg fell to the side, striking his head on the ground and fracturing his skull.

Dr. H. Watson Moffett, of 1200 East Capitol street, witnessed the accident and summoned the Casualty ambulance. Rosenberg was taken to the hospital where he died at 9:30 o'clock last night. The blaze originated in the stable used by Mounted Policeman William Riley, of the Ninth precinct. The blue-coat's horse was burned to death. The stables, which were also destroyed, the damage was about \$500.
